

Servant Leadership: The Servant – The True Essence of Leadership

This workshop is based on the book 'The Servant: A Simple Story About the True Essence of Leadership' by James C. Hunter. The concepts of Servant Leadership are as ancient as written history and have been proactively integrated into Project Management for several decades. It is therefore incumbent on us to understand what is meant by this seemingly self-contradictory term. How do you serve as a leader without having people take advantage of you? How do you get results through service to others? Join Lisa and Dave for an engaging day of discovery in the world of Servant Leadership.

Included in this workshop are the following topics:

- Servant Leadership
 - Definition
 - A brief history
- The Business of Servant Leadership
 - Return on investment
 - Making the choice
- Developing Character
 - The three F's
 - Serving by listening
- The Four Stages of Habits
 - Characteristics of stages
 - Dynamic managerial styles
- What's Love Got To Do With It?
 - Love and leadership
 - The environment: engagement, satisfaction and happiness

Participants will have the opportunity to:

- Understand the values and advantages associated with Servant Leadership
- Review principles from the book 'The Servant' by James C. Hunter
- Apply lessons learned through interactive activities
