

The Project Management Professional (PMP)[®] Exam Prep Course

Lisa Hammer and David Newman are excited to bring you The Project Management Professional (PMP)[®] Exam Prep course. Prepare to become a certified Project Management Professional (PMP)[®]! Taught by experienced PMPs, we lead you through the world of knowledge areas and process groups while providing practical applications that you can apply immediately. The course will include study tips and techniques to help you prepare for the exam.

The course will cover material from the *Guide to the Project Management Body of Knowledge (PMBOK[®] Guide) Sixth Edition*. You can purchase the book online, or download a copy for free when joining PMI. You will be given access to a database of practice questions, allowing you to approach your studying by knowledge area, by process area or through random exams! You will also get a course workbook to follow along throughout the course. And you get support before *and* after the class, with a 24-hour e-mail turnaround to deal with last-minute challenges and questions.

Taking the class with a Project Management Institute (PMI) Registered Education Provider (REP), you know you're getting high-caliber training from the best in industry. You'll get coaching on your PMP[®] application, and best practice tips along the way.

With hundreds of successful passers to their credit, they will make it fun along the way, and work with you to help guide you so that YOU WILL PASS!
