

## Agile Certified Practitioner (ACP)<sup>®</sup> Exam Prep Course

The new PMI-ACP certification program emphasizes an 'Agile Mindset,' aligning with the latest industry practices and ensuring that certified agile practitioners deliver even greater value to agile teams and organizations, by validating a professional's experience and skillset across multiple agile approaches, tools and techniques. The PMI- ACP promotes team collaboration to drive agile transformations, projects, and product development-keeping organizations competitive and agile in a rapidly evolving landscape.

The exam content has been refreshed to reflect the latest trends and demands in agile delivery, inclusive of product development in addition to project management. The new PMI-ACP exam has been streamlined from 7 to 4 domain areas, maintaining 120 multiple choice questions and expanding the item types/questions going beyond multiple choice to include multiple response, drag-and-drop-style items, and exhibits (charts).

The newly updated, 3 hour, 180-question ACP certification exam features new content aligned with the latest agile practices. To sit for the exam, you must meet the following requirements:

- Secondary degree
- 28 contact hours of agile practices training
- Two years of agile experience within the past five years. If you have an active third-party agile certification earned more than one year ago OR has a degree from a PMI Global Accreditation Center (GAC) program, the agile experience requirement will be reduced to one year. If you are an active Project Management Professional (PMP)<sup>®</sup> holder, you will be recognized as having the equivalent of two years of agile experience.

Earning your certification is a big step - maintaining it shouldn't have to be. Continuing education is core to PMI certification. PMI-ACP holders need to earn 30 professional development units (PDUs) in each 3-year cycle to maintain certification. Each PDU represents one hour spent:

- Learning
- Teaching others
- Presenting
- Reading
- Volunteering
- Content creating
